Docket No. CP2017-21

PUBLIC REPRESENTATIVE COMMENTS ON
POSTAL SERVICE NOTICE CONCERNING ADDITIONAL
GLOBAL EXPEDITED PACKAGE SERVICES 3
NEGOTIATED SERVICE AGREEMENT

(November 1, 2016)

The Public Representative hereby provides comments pursuant to the Commission's Notice Initiating Dockets.¹ In that Order, the Commission established the above referenced docket to receive comments from interested persons, including the undersigned Public Representative, on a Postal Service Notice of filing an additional Global Expedited Package Services 3 (GEPS 3) negotiated service agreement (Agreement).²

Agreements with the GEPS 3 product offer incentive pricing to mailers that send items directly to foreign destinations using Priority Mail Express International (PMEI), Priority Mail International (PMI), or both. Notice at 4. Prices offered pursuant to an agreement may differ depending upon the volume or postage commitments made by the mailers. *Id.* To qualify for a GEPS agreement, a business mailer must be capable,

on an annualized basis, of paying at least \$200,000 in international postage to the Postal Service.³

Prices and classifications not “of general applicability” for GEPS agreements were previously established by Governors’ Decision No. 08-7.⁴ In Order No. 86, the Commission established GEPS as a product on the competitive product list.⁵ The Commission subsequently approved the addition of the GEPS 3 product to the competitive product list (MC2010-28), and included within that product a GEPS agreement (CP2010-71) that would serve as the baseline agreement for functional equivalence comparisons with future agreements.⁶ Since the addition of the GEPS 3 product to the competitive product list, the Commission has determined that many additional GEPS 3 agreements were functionally equivalent to the baseline agreement and should be included in the GEPS 3 (MC2010-28) product.

The Agreement is a new GEPS 3 agreement, and is intended to become effective on November 15, 2016. Notice at 3. The Agreement is expected to remain in effect for one calendar year from the effective date, subject to early termination provisions. *Id* at 3.

The Postal Service states that the Agreement is functionally equivalent in all pertinent respects to the baseline agreement and is in compliance with the requirements of 39 U.S.C. § 3633. Notice at 7. The Postal Service therefore requests that the Agreement be added to the GEPS 3 product grouping. *Id*.

COMMENTS

The Public Representative has reviewed the Postal Service's Notice, the Agreement, and supporting financial model filed under seal as part of the Notice. Based upon that review, the Public Representative concludes that the Agreement is functionally equivalent to the baseline agreement. In addition, it appears that the negotiated prices in the Agreement should generate sufficient revenues to cover costs.

Functional Equivalence. The Postal Service asserts that the Agreement shares similar cost and market characteristics as those of the contract that is the subject of Docket No. CP2010-71, which serves as the baseline agreement for the GEPS 3 product grouping. *Id.* at 3. However, the Postal Service identifies differences between the Agreement and the GEPS 3 baseline agreement. *Id.* at 4-7. Most of these differences are specific to the customer (e.g., the customer's name and address). Other differences between the Agreement and the GEPS 3 baseline agreement include revisions to paragraphs; revisions to numerous existing articles, as well as deletion, addition and renumbering of some articles; revision to Annex 1. *Id.*

The Postal Service maintains that these differences do not affect either the fundamental service the Postal Service is offering or the fundamental structure of the contract. *Id.* at 7. The Public Representative concludes that the Agreement exhibits similar cost and market characteristics to the baseline agreement. Therefore, the Public Representative agrees that the Agreement is functionally equivalent to the baseline agreement and should be added to the GEPS 3 product.

39 U.S.C. § 3633. Pursuant to 39 U.S.C. § 3633(a), the Postal Service's competitive prices must not result in the subsidization of competitive products by market dominant products; ensure that each competitive product will cover its attributable costs; and, ensure that all competitive products collectively contribute an appropriate share of the institutional costs of the Postal Service.

As presented, the Postal Service's financial model does not directly address whether the addition of the Agreement to the GEPS 3 product will result in the product as a whole covering costs as required by 39 U.S.C. § 3633(a)(2). However, the Postal

Service's financial model indicates that the negotiated rates in the Agreement will generate sufficient revenue to cover its attributable costs. Therefore, the addition of the Agreement to the GEPS 3 product will not cause the product's cost coverage to fall below 100 percent - assuming the product currently covers its attributable costs. Under this assumption, the addition of the Agreement should allow the GEPS 3 product to continue to comply with 39 U.S.C. § 3633(a)(2), and should not result in competitive products as a whole being subsidized by market dominant products, in accordance with 39 U.S.C. § 3633(a)(1). Moreover, the GEPS 3 product should improve the likelihood that complete products as whole contribute an appropriate share to the Postal Service's institutional costs, consistent with 39 U.S.C. § 3633(a)(3). The Commission will have an opportunity to review the financial results for the Agreement in a future ACD Report for compliance with 39 U.S.C. 3633(a).

The Public Representative respectfully submits the foregoing comments for the Commission's consideration.
